Since years, Baroda is the paramount center and exclusive fountainhead of contemporary art in India. There is no denying the fact that this eloquently designed city remains the hub of Modern India art. The contemporary scenario of the Baroda Art has been portrayed variously, such as Narrativist, Modernist (installations, pop art, kitsch, minimalist), Post-modernist (activist, indigenist, socialist, mediatic-realist photo-realist) etc. This show is dedicated to showcasing important established and emerging artist from the city of M.S.U Fine Arts, Baroda.
